

Person

The following option is intended for administrators.

Using the mentioned option, administrators can confirm pending registration and they can change some of the recorded personal data but they can't change their role.

Also, using this option, it is possible to confirm student's pending registration, view and edit some personal data (name, surname, email address) and activate or deactivate student's profile.

Figure 1. Person menu

Pending registrations

This option is intended for administrator to accept or decline a person's registration.

When an administrator logs into the site, they will immediately be able to see if there is a registration that needs action. The above is shown in the People menu, the Pending Registration option, where the number of pending registrations for which some action needs to be taken will be displayed in red (as shown in figure 2.)

Figure 2. Pending registration

Administrator can view each person pending registration and choose appropriate action.

Pending registrations

A screenshot of a table titled "Pending registrations". The table has a header row with columns: "#", "First name", "Last name", "eMail", "Role", "Actions", and "Organization name". Below the header, there is one row of data. The "Actions" column contains a "Confirm" button and two icons (a blue envelope and a green checkmark). The "Organization name" column contains "Faculty of Organization and Informatics". At the bottom right of the table, there is a footer: "Rows per page: 10", "1-1 of 1", and navigation arrows.
