

schacPersonalUniqueID:hr

Introduction

This page describes the use of schacPersonalUniqueID in the *hr* URN namespace.

Syntax

urn:schac:personalUniqueID:hr:<id_type>:<id_value>

- <id_type> allowed values are:
 - OIB: abbreviation for "*Osobni identifikacijski broj*", Personal Identification Number issued by Croatian Ministry of Finance. It is a permanent identification number of citizens, residents and legal entities in Croatia, used by public authorities in official records for daily operations and information exchange. Every OIB is opaque, unique, unchangeable and persistent identifier.
- <id_value> is the corresponding ID value of the specified ID type.

Usage Examples
